

Manual de Usuario: Agregar y Eliminar Proveedores

1. Ubicados en el menú principal iremos a las opciones de la parte lateral

2. Hacemos click en el apartado de proveedores

3. Una vez estando en el formulario de proveedores podemos agregar y eliminar proveedores en nuestro sistema.

The screenshot shows a web application interface with a blue header bar labeled "Configuracion". Below the header is a pink sidebar containing a user profile section with a placeholder icon, the text "Usuario" and "Nombre", and a button labeled "Editar Perfil". The sidebar also features a vertical list of icons representing different system modules: a shopping cart, a person with a truck, a person with a box, a group of people, a person with a truck, a person with a box, and a person with a truck. The main content area is titled "proveedores" and contains a form with the following fields: "Codigo", "Nombre", "Direccion", "e-mail", "Productos", and "Telefono". Below the form are two buttons: "Agregar" and "Eliminar".
